Important information about registering on our waiting list

Dear parents,

Places in our day care become free every year in autumn, when the older children start school or "Education Précoce".

We do the next planning at the end of spring 2027.

Every year we have many more requests on the waiting list than there are places available.

Our priorities are for
- Parents who both work
- Single parents
- Children with special needs
- Children in a difficult situation
- Parents who already have a child in our crèche
- Residents from the commune

We use the priority criteria to decide which children we will accept (brothers and sisters first and according to the motto 'who needs the place most'). It doesn't matter how long you have been on the waiting list, parents don't have a number.

We recommend you to register in other day care too, because we cannot guarantee that you will get a place in our day care next year.

You will find all the necessary information and photos of our crèche on our website *https://www.ambeienhaischen.lu*.

We only make an appointment with the parents when we know that we have a place available for their child.

The price is calculated via the "Chèque-Service Accueil"-system. You can contact the respective office in your commune for this.

The parental leave law stipulates that the parent applying for leave must raise the child or children concerned in their home and devote themselves primarily to his/their education during the period of parental leave. In case of violation of this provision, the parent applying for leave risks having to repay the entire parental leave allowance.

If you would like any further information, please feel free to call us on 26 33 50 00.
